Best out of waste:

The competition focused on bringing an understanding among the students about preserving the environment by reusing and recycling waste material. Fantabulous ideas were demonstrated using material like newspaper, old CDs, used plastic bottles, ropes, ice cream sticks, bangles, shoe boxes etc.

Where the participants were given 60 min time to create a product and students have to explain the design and usage of the product.

Ideathon:

An ideathon is a short, intensive, workshop-like experience for students to address some of the most pressing challenges of our time. Participants work in teams and use design thinking and innovative learning practices to ideate and collaborate on possible solutions.
