Facebook offers NIT Allahabad student Rs 1.34 crore package

This is a spectacular news - probably to all the students who are in IIT's. The Social networking giant, Facebook has reportedly made an offer of Rs 1.34 Crore which is \$202,500 to a student of Motilal Nehru National Institute of Technology. This offer made to MNNIT student is probably the highest offer made in the campus placements this year in the country.

Facebook has made several offers at engineering colleges in the country, the company offered \$5 Lakh package to one IIT Delhi student and two IIT Roorkee students and 77 lakh packages to four students at IIT Kharagpur. But this offer made at MNNIT is the highest packages this year.

REPORT

1. **Name of event:** Seminar on Entrepreneurship, Business Opportunities & Careers in Solar Panel Installation & Maintenance
2. **Duration:** 1 day on 23/05/2022
3. **Venue:** Tesla Seminar Hall, EEE Dept, RRCE.
4. **Chief Guests:** Mr. Giridhara Vasu , CEO, Green Clouds Renewable Energy, Bangalore
5. **Sponsorship(if Any):**Honorable Management
6. **Topics covered:** Entrepreneurship, Business Opportunities & Careers
7. **Target audience:** 4th 6th and 8th sem students.
8. **Number of Audience:** 87
9. **Outcome of Event:**
 - ❖ Every type of green energy is renewable, but some types of renewable energy are not green. Solar energy is renewable because the sun will always produce power, and it is also green because solar power does not emit greenhouse gases like carbon dioxide.
 - ❖ Solar power is pollution-free and causes no greenhouse gases to be emitted after installation.
 - ❖ Reduced dependence on foreign oil and fossil fuels.
 - ❖ Renewable clean power that is available every day of the year, even cloudy days produce some power.
 - ❖ Return on investment unlike paying for utility bills.
