The event Kalasourabha-2022 was diligently organized. There was a soul to it. A soul that was vibrant, contagious and exuberant.

With management's permission, Team Kalasourabha decided to conduct Kalasourabha 2022 and preparations were well planned. It all started with conducting interviews for selecting coordinators who had zeal and passion to be the organizers of this one of its kind online Fest. Many meetings were conducted with faculty and student coordinators to chart down the process of conducting the event.

Finalizing the events list and forming the main coordinators consisting of 10 members who would lead the team was also formed. For each and every event 2 faculty coordinators and 4 student coordinators were nominated. Committees were framed to decentralize the work and rules and regulations were discussed online over google meet and other online platforms. Banners and posters were made using few online posters making software's and were published in whatsapp groups and in Microsoft teams to reach all students.

Google forms were used to register students for various events. Sufficient time was provided for all students to decide and plan, so that any student can participate in more than 5 events. 2 categories were made namely live events and ongoing events to make sure that time and events did not clash while students participate in more than 2 events.

Wide publicity of the events was given by broadcasting committee. Overwhelm support from participants was seen through the registration process. More than 1000+ registration for various events was seen in a span of 15 days. Organizing committee requested principal and management to conduct inaugural function. Film actors from **Hondesi Bareyere movie team, Bang movie Team** were present and made this event a grand success.

Trophies and over all trophy for Sports and Cultural events were given to the prize winners on the same day.

Team Kalasourabha 2020-21 puts on record the key features:

- 1) Management support to conduct cultural offline at ACS Convention Hall.
- 2) Interviews to select coordinators.
- 3) Creating banners, brochures, posters, registration forms, etc were created online.
- 4) Creating web portal for the events to be organized.
- 5) Few events were live and telecasted on YouTube.
- 6) Inaugural function was organized offline
- 7) Systematic and smooth handling of all the events without any problems.
- 8) Prize winners' names were announced on sport.
- 9) DJ Nights was also organized by the coordinators to the participants and for all.
