Institute Mission

To consistently strive for Academic Excellence to become a leading Institution in the field of Engineering, Management and Research to produce competent and ethically sound manpower for the benefit of Industry, Society, Nation and the Global Environment.

Institute Vision

To provide an open opportunity to young generation for evolving their core competencies helping them to build their career as Global professionals to be an Autonomous Institution by achieving excellence in the field of higher education.

Benefits of SDP:

This SDP aims to encourage the participants to get familiar with latest tools, trends, applications and development in the technologies of Cloud computing & Network Security for engineering applications. SDP will provide a common platform to the student and the faculty members of engineering colleges to focus on exploring various research opportunities and challenges in these latestareas.
