

Department of Electrical & Electronics Engineering

REPORT

- Name of event:** Seminar on Entrepreneurship, Business Opportunities & Careers in Solar Panel Installation & Maintenance
- Duration:** 1 day on 23/05/2022
- Venue:** Tesla Seminar Hall, EEE Dept, RRCE.
- Chief Guests:** Mr. Giridhara Vasu , CEO, Green Clouds Renewable Energy, Bangalore
- Sponsorship(if Any):**Honorable Management
- Topics covered:** Entrepreneurship, Business Opportunities & Careers
- Target audience:** 4th 6th and 8th sem students.
- Number of Audience:** 87
- Outcome of Event:**
 - ❖ Every type of green energy is renewable, but some types of renewable energy are not green. Solar energy is renewable because the sun will always produce power, and it is also green because solar power does not emit greenhouse gases like carbon dioxide.
 - ❖ Solar power is pollution-free and causes no greenhouse gases to be emitted after installation.
 - ❖ Reduced dependence on foreign oil and fossil fuels.
 - ❖ Renewable clean power that is available every day of the year, even cloudy days produce some power.
 - ❖ Return on investment unlike paying for utility bills.

About solar panels / To utilize the subject knowledge of power system and Smart Grid / About Energy storage system and energy management system
