About The Conference

The objective of ICETEMT - 2022 is to provide a world class platform to present and discuss all the latest research and results of Scientists, Engineers, Academicians and Research Scholars. This conference provides opportunities for the different areas of delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. We hope that the conference results constituted significant contribution to the knowledge in these up to date scientific field.

About RRCE

Rajarajeswari College of Engineering(RRCE) established in the year 2006 under the shelter of Moggambigai Charitable & Educational Trust. RRCE is recognized by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University(VTU), Belagavi, Kamelaka. The Institute offers eight UG courses (ECE, CSE, ISE, EEE, AIML, Robotics & Automation, Civil Engg., Mechanical Engg.) and three PG courses Computer Science and Engineering, Master of Business Administration and Master of Computer Applications, also 9 Research Centers. The college has unique well equipped laboratories, digital library and sports facilities along with other amenities.

**Statement of the Problem**

- From the reviewed literature, the authors conclude that consumers are well aware of the effect of healthy diet and how it can be accomplished. It is also an established fact many of the consumers are aware of the impact their dietary habits can pose on ecology. However, the literature has yet to establish the directional influence of the dietary habits on ecological sustainability.
