6. OUTCOME OF THE PROGRAM : Industry visits bridge the gap between theoretical training and practical learning in a real-life environment. Industry visits provide an opportunity for active interactive learning experiences in-class as well outside the classroom environment.

With industry visits, students are able to better identify their prospective areas of work in the overall organizational function. It helps to enhance interpersonal skills and communication techniques.

Students become more aware of industry practices and regulations during industry visits.

Industry visits broaden the outlook of students with exposure to different workforces from different industries.

Provides an opportunity to plan, organize and engage in active learning experiences both inside and outside the classroom. It is mandatory in various Indian universities hence it also fully fills certain curriculum requirements. Provides an insight into the real working environment of the industry.

Helps them to see their future place in the working world. This also serves as a relationship building process between institutes and industry. Students gain first-hand information regarding the functioning of the industry.
