Pongu presentation is presenting

Problem-Solution Fit - *It is the very beginning stage of a startup when founders are using design thinking to shape their business idea and validate it with their users.*

Problem-Solution Fit - *occurs when you have evidence that customers care about certain jobs, pains, and gains. At this stage you've proved the existence of a problem and have designed a value proposition that addresses your customers' jobs, pains and gains.* <https://www.strategyzer.com/>

Problem - Behaviour Fit

Is it a problem worth solving?

2. PROBLEMS / PAINS + frequency	9. ROOT / CAUSE of every problem	7. BEHAVIOR + its intensity
--	---	--

- Identify the most urgent and frequent problem.
- Design the right thing
- Understand the real reasons behind the problem you are solving
- identify the most urgent and frequent problem
