

## Dept. of Electronics and Communication Engineering

### Technical Talk Report

On

## Recent Trends in AI & ML An Industry Perspective

- ❖ **Date:** 10<sup>th</sup> March 2023
- ❖ **Venue:** APJ Abdul Kalam Hall, RRCE
- ❖ **Instructor:** Mr. Venkata Reddy P.S, Senior Developer, SAP Labs, Bangalore

#### ❖ **Objective:**

The main aim of the session was to explain the role of Recent Trends in AI & ML to our Electronics and Communication Engineering students was that how the students should get ready in order be flexible to the upgrading world. The objective of this program is to learn

- what is AI & ML
- What is the major role of Electronics engineers in it
- AI & ML Growth
- The Evolution AI

- ❖ **Total numbers of participants:** 270

#### ❖ **Major Session Contents:**

Mr. Venkata Reddy P.S explained about the artificial intelligence and machine learning which represents an important evolution in computer science and data processing that is quickly transforming a vast array of industries.

He also spoke about the major role of electronic engineers who entered these fields work on designing, constructing, maintaining, and improving robotics and AI systems, such as using machine learning to deliver more accurate results.

He further explained the growth and evolution of AI in past few years. AI evolved into a powerful tool that enables machines to think and act like humans. Moreover, it has garnered focus from tech companies around the world and considered next significant technological shift after the evolution in mobile and cloud platforms.
