One Day Workshop on Advanced Web Application Development Using Angular-JS :

The objective of the programme is to give advanced knowledge about web application development using Angular - JS for the students of 3rd year. The Workshop Programme was organized by ISE dept of RRCE on 20th January 2024 Saturday between 09.30 A.M. and 4.00 P.M. Mrs.T. Rathidevi, AP - ISE, Mr. Dineshkumar M, AP - ISE, Ms. Sinchana M.N, AP - ISE & Placement Co-ordinator, Mrs.Vijayalaxmi Joshi, AP - ISE and staff coordinator Nearly 68 students of III year ISE have attended the Programme.

Mr. Umesh M, Corporate Trainer, Pentagonaon Space, Bangalore is the resource person. Firstly he gave brief introduction about the web development and also the different layers of full stack web development and also he briefly explained which the languages present in each layer for web development. He has given awareness on full stack web development, how it is being advanced in the present generation. Students gathered knowledge and Practical exposure on front end web development languages like HTML, CSS, JAVASCRIPT and gave hands-on session to solve some challenging questions which we may be useful during placements.

In second session, he delivered basic knowledge about framework languages such as ANGULAR, REACT, BOOTSTRAP. He also presented the about frameworks in JS. He has chosen Angular - JS as his main framework language and gave complete knowledge from basic to advance level to the students for developing an application. It was a wonderful hands on session and interactive workshop. His way of delivering the concept was very good and appreciated by the students. The resource person gave some small problems which helped to get more interest on the language. Overall the hands on session was very interactive and it is truly a wonderful workshop.
