Department of Electrical & Electronics Engineering

Information collected during the visit at

M/s Bharath Arts and Crafts, Channapatna, Ramnagara (Dt) by Ms.Bhumika (1RR21RA003)

- As we all know channapattana is famous for manufacturing toys that are made up of wood.
- We first visited the toys store in channapattana and learn about the various handmade manufacturing procedures for making wooden toys and purchased a few toys.
- All toys were very catchy and felt like buying everything in the store.
- When we discussed with the working staff there in the toy store, they gave the information about the various types of wood and the making procedure of wooden toys.
- All the toys were made in different kinds of woods like neem, aleemara and rosewood and many more.
- Another wood , they import it from 50 km away from channapattana which is a very unique tree.
- The toys or products manufactured were not only playing kits for children but also key chains, home décor items, kitchen set items, bangles, showcase dolls, and also education-related toys or playing boards were also there.
- The colors that they apply to the toys are natural colors from turmeric and many more.

- Then, we visited channapattana arts and handicrafts industry.
- In industry, they bring the raw materials different types of wood and start to manufacture different types of shapes for desired products.
- There the machine used to give finishing to the product or surface finishing was by using salt paper and keeping the workpiece to be smoothed in the belt driven mechanism.
- The belt keeps rotating at a speed (rpm) where the workpiece is kept to rotate, the worker starts to give surface finishing to the object by rubbing it to it's surface using salt paper.
- And giving color to the object is of the same procedure, for that process they use natural colors like an ancient leaf called taalegari which gives green color.
- And finally giving it a finishing touch the process completes and the product is ready to sell.
- There we saw a CNC machine giving a design for a butterfly product.
- There we asked the operator how this works.
- The person explained that the remote showing x-axis is the axial line moving in x or horizontal direction, y in vertical direction and z-axis is for how much depth it goes inside the wood.
- They use the software called Corel Draw and design the product and copy it to a pen drive and plug it to the remote and then the operation is carried out.

Dear Sir

Sub: Requisition for an industrial visit – Reg.

Good Morning. With reference to your mail dated 15th December 2022. We express our sincere thanks and we would like to visit your esteemed organization of M/s Bharath Arts and craft on Friday 23rd December 2022 from 10.30 am to 1 pm. Also, we will pay an amount of Rs.100/- per student and staff members

Nearly 50 Second-year B.E. students from the branch of Mechanical, Robotics and Automation, Electrical Engineering, and Civil Engineering along with 5 of our faculty members accompanying the students.

We request you to kindly consider our request and grant permission to visit your place on Friday 23rd December 2022 from 10.30 am to 1 pm. We request you to confirm the same, it will be helpful for us to plan the visit.

Expecting your reply soon

Dear Suhel,

Greetings. We expressed our sincere appreciation for granting permission to our request. Students gain more knowledge about the processes adopted to produce the world-famous Chennapatna toys. Your workers are very cordial and briefed the students about the process of making the toys.

It's very a wonderful visit.

On behalf of all we expressed our thanks to you and your workers

Report of visit to U R Rao Satellite Centre HAL Old Airport Road, Vimanapura, Bengaluru on Thursday, 23rd February 2023 for 3rd -semester ISE students.

- 1. Title of the event:** ISRO Visit
- 2. Type of the event:** Visit to “U R Rao Satellite Centre”
- 3. Event schedule:** 23-02-2023
- 4. Venue:** U R Rao Satellite Centre HAL Old Airport Road, Vimanapura, Bengaluru
- 5. Target Participants:** 3rd year Information Science and Engineering Students(56)
- 6. Faculty coordinators:** 1.DR.Neha singhal HOD-ISE
2.Prof. Vijayalaxmi,AP-ISE

7. Outcome of the program:

- This visit was mainly focused on to understand the procedures involved in making of satellites.
- Students got to know about the technology, the equipment’s being used.
- Got to know about the test undergone before launching of the satellites, such as temperature test, vibration test, sound test etc.
- The current projects being held by ISRO are
 1. Project ADITYA
 2. Project CHANDRAYAN-3
 3. Project GAGANYAN
- Student witnessed the models of all kind of satellites like ARYABHATTA,GSLV,PSLV
- Student understood the procedure to join ISRO and perks of joining ISRO.

Report of visit to Bengaluru International Exhibition Center,10th Mile, Tumkur Main Road,Bengaluru on Wednesday, 8th February 2023 with respect to India Energy Week for 1st-semester ISE students.

- 1. Title of the event:** Industrial Visit
- 2. Type of the event:** Visit to “Bengaluru International Exhibition Center “ to participate in the exhibition of **India Energy Week**.
- 3. Event schedule:** 08-02-2023
- 4. Venue:** Bengaluru International Exhibition Center
- 5. Target Participants:** 1st year Information Science and Engineering Students(53)
- 6. Faculty coordinators:** 1.Ms .Sinchana,AP-ISE
2.Mrs. Pavithra N ,AP-ISE
- 7. Outcome of the program:**
 - The India Energy Week was inaugurated by PM Modi.
 - The event is to focus on energy security and India’s energy transition goals.
 - Knowledge about the biofuels,energy supply chains etc.
 - The students were able to gain knowledge about hydrogen vehicles for green environment,model's of renewable energy, generation of ammonia, energy production due to our forceful steps.
 - Knowledge about how to utilise each and every form of energy.

- 1. TYPE OF EVENT : Industrial Visit**
- 2. TITLE OF THE EVENT : Industrial Visits to “Karnataka Soap & detergent Ltd, Yashwanthpura”**
- 3. EVENT SCHEDULE : 09/01/2023**
- 4. VENUE : Karnataka Soap & detergent Ltd, Yashwanthpura**
- 5. TARGET PARTICIPANTS : 2nd year MBA students**

6. OUTCOME OF THE PROGRAM : Industry visits bridge the gap between theoretical training and practical learning in a real-life environment. Industry visits provide an opportunity for active interactive learning experiences in-class as well outside the classroom environment.

With industry visits, students are able to better identify their prospective areas of work in the overall organizational function. It helps to enhance interpersonal skills and communication techniques.

Students become more aware of industry practices and regulations during industry visits.

Industry visits broaden the outlook of students with exposure to different workforces from different industries.

Provides an opportunity to plan, organize and engage in active learning experiences both inside and outside the classroom. It is mandatory in various Indian universities hence it also fully fills certain curriculum requirements. Provides an insight into the real working environment of the industry.

Helps them to see their future place in the working world. This also serves as a relationship building process between institutes and industry. Students gain first-hand information regarding the functioning of the industry.

- 1. TYPE OF EVENT : Industrial Visit**
- 2. TITLE OF THE EVENT : Industrial Visits to “Chanpatna Craft Park”**
- 3. EVENT SCHEDULE : 03/01/2023**
- 4. VENUE : Chanpatna Craft Park**
- 5. TARGET PARTICIPANTS : 2nd year MBA students**

6. OUTCOME OF THE PROGRAM:

- * It was wonderful experience to know more about exclusive art of toy making.**
- * Students got know that the toys made in factory are mainly exported to abroad and few are sold in Chennai and Bangalore.**
- * Students got know about the comparison of modern and traditional manufacturing process.**
- * Students also got to know that the industry is functioning with very limited number of employees with good work efficiency.**

- 1. TYPE OF EVENT : Industrial Visit**
- 2. TITLE OF THE EVENT : Industrial Visits to “Unibic Cookie Factory, Huskur Road”**
- 3. EVENT SCHEDULE : 10-09-2022**
- 4. VENUE : Unibic Cookie Factory, Huskur Road**
- 5. TARGET PARTICIPANTS : 2nd year MBA students**

6. OUTCOME OF THE PROGRAM:

- * Industrial visit to UNIBIC Manufacturing unit was very eventful.**
- * Students were able to bridge a gap between concepts and practical working.**
- * Students were able to analyse the levels of production.**
- * This Industrial Visit helped to know about the corporate management policies.**
- * It was an incredible opportunity to learn about the food industry and manufacturing process involved in it.**
- * It showed us simplicity is an asset to any production unit and can be profitable if done right.**

To,

The Principal
RRCE, Bangalore-74

Through,

Head of the Department
Department of Physics
RRCE, Bangalore-74

Respected Sir,

This is to inform you that, five Post Graduate students from **Payyanur College, Kannur, Kerala** are coming to the department for doing their research project as a part of their curriculum. In this regard, I request you to permit them to carry out R&D experiments in the R&D center, Department of Physics, RRCE for a period of four weeks (06-03-2023 to 31-03-2023).

Yours Sincerely

[Dr. JOBISH JOHNS]

forwarded to principal for kind approval.
