Aluminum interaction about Add on courses and Trending Market Domain (Data Science)

Resource Person: **A Raj Kumar, (MCA Alumni 2023), Bangalore.**

Date: **23-02-2024**

Time: **11.30 AM – 12.30 PM**

Objective of the Program:

1. Extract insights: Data science aims to extract meaningful insights and patterns from large and complex datasets.

2. Predictive analysis: It seeks to build models that can predict future trends, behaviors, or outcomes based on historical data.

3. Decision-making support: Data science helps businesses and organizations make informed decisions by providing evidence-based insights.

4. Improve efficiency: By analyzing data, data science helps identify areas for optimization and efficiency improvement within processes and systems.

5. Personalization: It enables personalized experiences for users by analyzing their past behaviors and preferences.

Target audience: MCA 1st year and Second year Students

Number of Audience: **150 Participants.**
