On the 16th of February 2024, the Department of Electrical & Electronics Engineering at Rajarajeswari College of Engineering organized a highly informative and insightful session on "Strategies for Drafting Effective Research Proposal." This event took place at the prestigious Dr. A.P.J. Abdul Kalam Hall within the college premises.

The event commenced at 11:00 AM with a welcome address by Dr. Balakrishna R, Principal, RajaRajeswari College of Engineering, highlighting the importance of research and proposal writing in academia and industry.

The keynote address was delivered by **Dr. Monika Agarwal**, a distinguished Scientist F at the Science & Engineering Research Board, Department of Science and Technology (DST). Dr. Agarwal shared her extensive knowledge and experience in the field of research, providing valuable strategies and methodologies for drafting effective research proposals. Her session covered various crucial aspects such as identifying research gaps, formulating research questions, structuring proposals, and tips for successful funding applications.

The event was well-attended by faculty members, researchers, and students who gained a deeper understanding of the intricacies involved in crafting research proposals that stand out and secure funding. Dr. Agarwal's engaging presentation and practical insights were highly appreciated by all attendees.

The organizing team ensured the smooth execution of the event, fostering an environment conducive to learning and interaction. The session concluded with a Q&A segment, where participants had the opportunity to clarify their queries and seek further guidance from Dr. Agarwal.

Overall, the event was a grand success, contributing significantly to the academic and research capabilities of the participants. The Department of Electrical & Electronics Engineering at Rajarajeswari College of Engineering continues to demonstrate its commitment to fostering research excellence and academic growth through such enriching initiatives.
