## NCC DETAILS >>>

The National Cadet Corps is the Indian military cadet corps with its head Quarters at New Delhi. It is open to school and college students on voluntary basis. The National Cadet Corps in India are a voluntary organization which recruits cadets from high schools, colleges, and Universities all over India. The Cadets are given basic military training in small arms and parades. The officers and cadets have no liability for active military service once they complete their course but are given preference over normal candidates during selections based on the achievements in the corps

## MOTTO OF NCC >>>

The need for having motto for the Corps was discussed in the 11th Central Advisory Committee (CAC) meeting held on 11 Aug 1978. The mottos suggested were “Duty and Discipline”; “Duty, Unity and Discipline”; “Duty and Unity”; “Unity and Discipline”. The final decision for selection of “Unity and Discipline” as motto for the NCC was taken in the 12th CAC meeting held on 12 Oct 1980.

**“UNITY AND DISCIPLINE”**

## AIMS OF NCC >>>

The ‘Aims’ of the NCC laid out in 1988 have stood the test of time and continue to meet the requirements expected of it in the current socio-economic scenario of the country. The NCC aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. Further, it aims at creating a pool of organized, trained, and motivated youth with leadership qualities in all walks of life, who will serve the Nation regardless of which career they choose. Needless to say, the NCC also provides an environment conducive to motivating young Indians to join the armed forces.

**NCC FLAG >>>**

The NCC flag for various units of the NCC was first introduced in 1951. The flag was of same pattern, colour and size as was used by various regiments of the Army. The only difference was that it had the NCC badge and unit designation placed in the centre. Later on it was felt that the flag should be in keeping with the inter-service character of the Corps. In 1954 the existing tricolour flag was introduced. The three colours in the flag depict the three services of the Corps, red for the Army, deep blue for the Navy and light blue for the Air Force. The letters NCC and the NCC crest in gold in the middle of the flag encircled by a wreath of lotus, give the flag a colourful look and a distinct identity.

### Cdt. Rachana M C, 1st year cadet

When I first applied for the NCC, I was incredibly nervous. Once I got selected, I couldn't help but feel anxious about what lay ahead. As I embarked on this journey, fear gripped me because I had no prior knowledge about it. However, gradually, I started to understand and appreciate what the NCC had to offer. I discovered a whole world of experiences that I would have missed out on otherwise. Meeting amazing people, forging friendships that will last a lifetime, and having a blast every single time became the norm. Listening to the stories of struggle from senior NCC cadets inspired me immensely. After a few days, I found myself brimming with the same enthusiasm. Admittedly, the initial training sessions were tough and exhausting, but they made me realize that the NCC isn't a walk in the park.

### Cdt. Sharvari, 1st year cadet

The reason I was inspired to join NCC are my classmates from School who were part of NCC. I saw how their qualities as cadets set them apart from the rest. Their capability to deal with challenging situations sparked my desire to participate in the selection process. Thankfully, getting selected hasn't made me regret my decision. While it can be challenging at times, I always come away with something valuable, which makes my day fulfilling. It's only been a few months, but I've already gained a lot, like manners, patience, perseverance, teamwork, bonding with fellow cadets and seniors, a sense of duty, and, most importantly, patriotism. Since it's just the beginning, I hope to continue growing and become the best version of myself throughout my journey in the NCC over the coming year.

### Cdt. Jayanth, 1st year cadet

I am proud to be part of NCC and being a cadet in the NCC has been life-changing journey to me. From learning the values of discipline and leadership to developing my physical and mental strength NCC has played a crucial role in shaping my personality.

The seniors in NCC have been amazing mentors and have always been there to guide and support us. Their dedication and passion have been truly inspiring. Most importantly, NCC has given me a family of friends who share the same passion and values as me. The bond we share is unbreakable. I wholeheartedly endorse NCC to those seeking to push their limits, cultivate invaluable life skills, and create enduring memories. It is a journey of self-discovery and growth, one that leaves an indelible mark on the hearts and minds of all who embrace it."

## Cdt. Sahana V. 1st year cadet

At first, gaining entry into the NCC seemed challenging due to the intense competition. However, upon successfully navigating through the rigorous selection process, I was elated to secure my spot. Through this journey, I've come to realize that NCC training demands unwavering patience while instilling a profound sense of teamwork and self-discipline. Engaging in NCC has not only enhanced my skills but also boosted my confidence and courage to showcase my abilities. Wearing the NCC uniform fills me with a profound sense of dignity. NCC, to me, is not just an extracurricular activity; it is a transformative experience that bestows upon each cadet a unique identity setting them apart from their peers. It goes beyond the ordinary, providing a platform for personal growth and self-discovery that extends far beyond the training grounds.

## Cdt. Soundarya, 2nd year cadet

I take immense pride in being recognized as a NCC Cadet. Joining NCC was a long-held aspiration, driven by the desire for comprehensive physical, mental, and emotional development. Delving into the intricacies of the Navy's defense system and engaging with seasoned Navy personnel during training sessions not only broadened my understanding but also ignited a profound interest in the armed forces. The immersive 10-day camp experience equipped me with problem-solving skills and forged enduring bonds with seniors while fostering excitement to create new memories with juniors. Through my NCC journey, I discovered my knack for interpersonal communication, shouldering responsibilities, and imparting knowledge to others. My perspective on self has undergone a remarkable transformation since joining NCC, as I now exude greater confidence and approach situations with a positive and pragmatic outlook. NCC has instilled in me an unwavering attitude of perseverance, enhancing discipline in my daily routines and significantly impacting both my academic and personal life.

## Cdt. Priyanka, 2nd year cadet

As a cadet, I've had the chance to learn leadership skills through drills, camps, and community projects. When our ANO, Sub. Lt. Dr. Thanuj Kumar M, introduced us to NCC, I didn't know what it meant. But his words, "Once a Cadet, always a Cadet," stuck with me. I felt ecstatic when I got selected, even though I wasn't sure I would be. Wearing the NCC uniform made me feel like I could conquer anything. My friend, Present Ldg Cdt. Vijayalakshmi V, got me interested in NCC. In my two years, I've been to two camps that taught me a lot. Now, everyone knows me as Cdt Priyanka S. I'm proud to be a cadet, and I'll always remember: Once a Cadet, always a Cadet.

**Cdt. Likitha, 2nd year cadet**

The moment I discovered NCC's presence in my college, excitement surged within me, knowing it would grant me a distinct identity among my peers. Through NCC, I have imbibed invaluable lessons in leadership, time management, teamwork, and selflessness, with an ever-expanding horizon of learning opportunities before me.

Being part of the Navy wing at our college has offered me insights into maritime tools such as boats and guns, broadening my understanding of defense systems. Moreover, NCC has presented me with the chance to explore swimming, a skill I had not ventured into previously. These experiences not only enrich my knowledge but also empower me with practical skills and newfound confidence, further fueling my passion for personal and professional growth.

**Cdt. Supriya, 2nd year cadet**

To me, NCC has been an incredible journey. Yes, the most basic things NCC taught me is the discipline also moulded me to be the best. I have met some amazing people and made good friends. Although I hated getting up early in the morning and practicing in camps, I miss those times. You will sustain if you have sheer dedication and humbleness to learn coz NCC is going to test your patience for sure. The memories and experiences you get in NCC are superb, that you won't get it outside. Waking up early in camp, morning drill practice, weapon training, ragda and much more it will help in overall development which will help throughout your life if you are equally involved and dedicated. Also that proud feeling of the uniform cannot be described in words..!!

I am thankful for having been introduced to very supportive friends, instructors who gave their all to ensure everything was perfect at all times. Also Grateful to 1KAR NAVAL UNIT for the confidence that I have gained.
