

REPORT ON CAREER DEVELOPMENT PROGRAM

Title of the Event : CAREER DEVELOPMENT PROGRAM – skill development

Date of the event: 19th JUN 2024

Event Duration : 11:45 am – 12:45 pm

Venue : Room No 219, 2nd floor , RRCE

Target Participants: AI&ML 3rd year

Overview of the Event:

All students gathered in their class, eager to participate in the Career Development Program focused on the topic "Number System." The session began with an engaging introduction by the instructor, who emphasized the importance of mastering number systems for aptitude tests. Students were provided with comprehensive materials and examples to ensure a clear understanding. Throughout the session, interactive activities and problem-solving exercises were conducted, allowing students to apply the concepts in real-time scenarios.

The atmosphere in the class was filled with enthusiasm as students actively participated and asked questions to clarify their doubts. The instructor's approachable demeanor made the learning process enjoyable and effective. By the end of the program, students felt more confident in their ability to tackle number system problems in aptitude tests. The session concluded with a quick review and tips for further practice, leaving students motivated and better prepared for their future career endeavours.

Outcome of the program:

As a result of the Career Development Program on the "Number System," students gained a solid understanding of essential concepts and techniques crucial for aptitude tests. They felt more confident and equipped to tackle numerical problems, significantly improving their problem-solving skills and readiness for future career assessments.
