Report on Seminar

'Real Life Application of Engineering Mathematics'

The Department of Mathematics at RajaRajeswari College of Engineering (RRCE) is organized a seminar on the 'Real Life Application of Engineering Mathematics.' This seminar aims to provide valuable insights into how engineering mathematics can be applied in practical, real-world scenarios, emphasizing its importance for students in engineering disciplines.

Dr. Savitha B welcomed the speaker and Dr. A S Hariprasad address the gathering and briefed the importance of Mathematics in Engineering Mathematics. Engineering students, particularly those in departments such as Computer Science, Electronics & Communication, and Electrical & Electronics, who wish to enhance their understanding of how mathematics can be applied practically in their respective fields.

Awarded the title of 'Seva Ankura' by YFS (Youth for Seva)

Ms. Seema is known for her exceptional skills in memory training, coaching students, and public speaking. Her contributions and knowledge-sharing sessions have benefitted numerous students and professionals alike. Also she Awarded the title of 'Seva Ankura' by YFS (Youth for Seva).

This seminar is a valuable opportunity for students to learn how the theoretical aspects of engineering mathematics can be applied to solve real-life problems. With Ms. Seema K U's expertise, attendees will gain both theoretical knowledge and practical insights, helping them in their academic and professional journey
